

Art lessons for adults

Most adults give up painting and drawing around puberty. The confidence they had as a child unfortunately gets replaced by uncertainty and fear and has to be rediscovered and developed. Jean helps you with ease, find your artistic talents again.

Studio Jean

Discover different materials and techniques and develop your creative brain. Here are a couple of examples of art projects that we have lined up for you.

What do we do?

- Techniques of pencil sketching of a still life with shading and perspective.
- How to paint a colour determinations chart.
- Instructions in painting in water colour with many tricks of the trade revealed.
- See and feel the difference in drawing in charcoal and pastel.
- Try your hand at pen and ink.
- Light shade and tone values.
- Acrylics, mixed techniques and oil painting.
- Figure drawing and out door sketching, weather permitting.
